Re: CCAI Basic Finishing 4 Profit Seminar

Dear Dale,

On behalf of the Chemical Coaters Board of Directors for the West Michigan chapter I would like to thank you for your time to speak to our seminar attendees on May 15, 2012 for Pre Treatment.

We found your speech to be excellent and cover the basics of Pre Treatment coupled with innovative ways to assist coaters to make profit \$\$.

Our chapter also had over 10 new members sign up and attend and I believe that we will be able to retain them due to the quality of the programs put on at our Seminar and throughout the year.

We hope to see you at our upcoming June 8th Chapter golf outing at Saskatoon where Dave Scharphorn of ChemQuest will be presented with the supplier of the year award for the West Michigan Chemical Coaters Association International.

Be proud of your accomplishments and build on them !!!

Sincerely,

Scott M Bultman

W.M. Chemical Coaters Association International
First Vice President
